Safety/Environmentally Sound

- Non-toxic and biodegradable
- Requires no flammable solvents
- Dust free
- Natural product
- Found not to cause Silicosis
-

Cost Effective

- Cleans without leaving scratches or pitting
- Cleaned parts require no additional machining or fitting
- Cleans precision parts without a change in dimensions
- Non-corrosive
- Lightweight
- Surface areas require no drying time
- Resistant to rupture and deformation
- Limited breakdown

Walnut Shell

Blasting Abrasive

- Removes matter from surfaces without scratching or pitting underlying material on metals, fiberglass, woods, plastics and stone.
- Used in many polishing and/or deburring applications on fine metals, alloys, mechanical parts, shell cartridges, eye glass lens, rocks, stones, coral, ivory, beans, and seeds

Use on media treated with rouge in both tumbling and vibratory applications for polishing gems, machined parts & fine jewelry.
